OXO Wine & Spirit

Minilift & Superlift

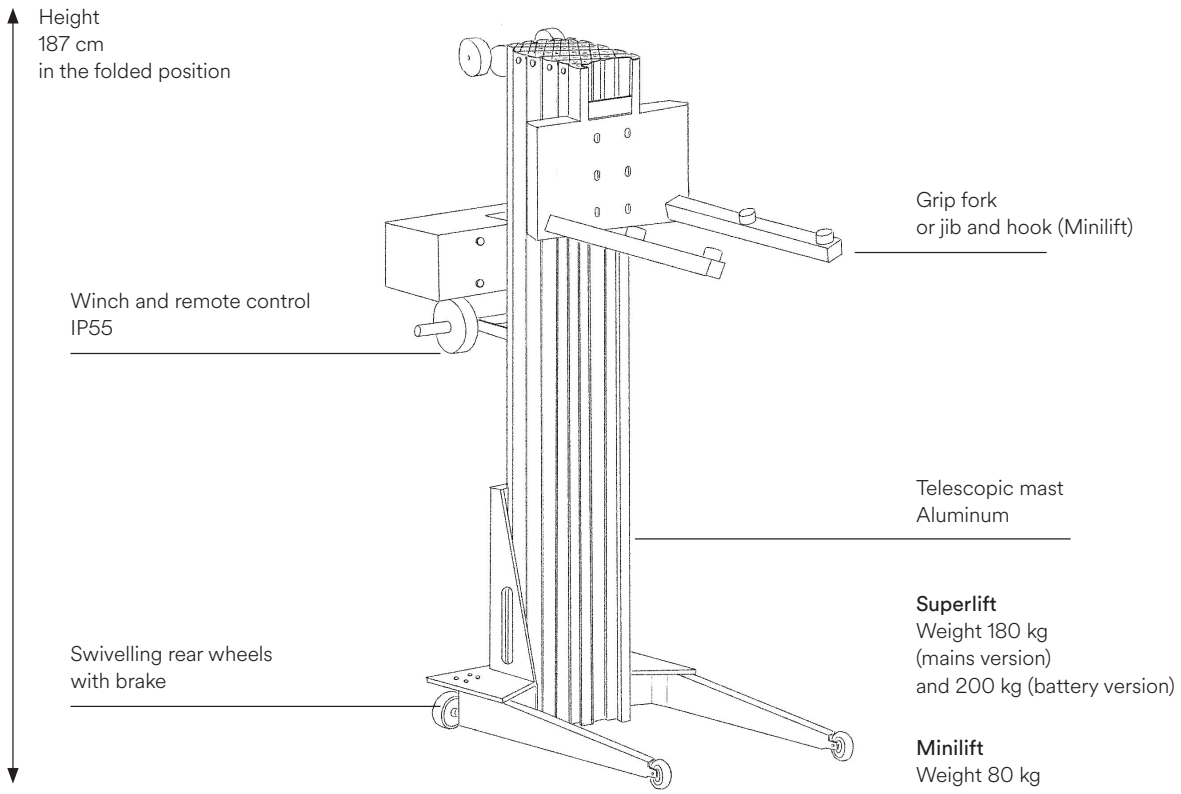

OXOline®

Features

- Telescopic aluminium mast
- 220 V power supply or optional 12 V battery (Superlift only)
- Swivelling rear wheels with brakes
- IP55 winch and remote control
- 25 m electric reel
- Barrel gripping system + bung hook for Minilift
- Barrel gripping with Superlit forks
- Retractable aluminum ladder for Minilift in option

Advantages

- Safe handling of empty barrels from 225 to 500 L
- Lightweight, compact equipment that allows you to work in narrow aisles
- Reduced leg height (to fit under OXOline structures)
- Effortless handling thanks to the electric winch
- Lifting capacity up to 4.20 m for the Minilift
- Lifting capacity up to 5.37 m for the Superlift
- 130 kg load capacity (Minilift) and 150 Kg (Superlift)

Superlift
Weight 180 kg
(mains version)
and 200 kg (battery version)

Minilift
Weight 80 kg
